

THIRD GROUP OF GERMANS HERE

Totals 1,200 "Commercial"
Prisoners to Arrive From
Hot Springs.

MANY SAILORS INCLUDED

Autocratic Teuton in Overall
Twists Waxed Mustache and
Wears Monocle.

The third trainload of the German "commercial prisoners" arrived at the park late yesterday evening and were immediately placed in their quarters under the watchful eyes of the prison guards. This, the third group which has been transferred from Hot Springs, numbered about the same as the other two groups—in the neighborhood of 400 men. The greatest secrecy is being maintained at the prison camp in regard to the size of the contingents arriving and as to their exact point of detaining. The size of the groups of prisoners can only be estimated, but it is understood that about 1,200 or 1,300 have arrived. This would leave only about 1,000 more to be transferred, and at the rate at which they are now being brought here, the entire group should arrive in the Hot Springs aggregation safely behind the barbed wire at Ogletown.

START THE BILE!

The bile in our bodies is necessary to digestion, nutrition and life. Yet if not separated from the blood by the secret action of the liver, it will poison the system and destroy life. Sometimes the liver gets sluggish and doesn't secrete bile normally. Then it's up to us to "start the bile," to make the torpid liver act. Perhaps the most popular preparation to take and one of the oldest is Carlsberg's Liver Powder, which is free from alcohol and has

Nuxated Iron Should Be Prescribed By Every Physician

Says Former Health Commissioner Wm. R. Kerr
Attributes his own great physical activity today at over 60 years of
age, largely to his personal use of Nuxated Iron.

It will increase the strength and endurance of delicate, nervous, run-down folks in two weeks' time, in many instances.

Investigation shows that the advice of Commissioner Kerr is being followed by many physicians and it is conservatively estimated that over three million people annually in this country have been taking Nuxated Iron for its tonic, strength and blood building. Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Commissioner Kerr is to be commended on handing out this statement on Nuxated Iron for public print. I have strong opinion, emphasized the great necessity of physicians making blood examinations of their weak, anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their blood corpuscles, without ever realizing the real and true cause of their trouble. Taking Nuxated Iron in your blood merely passes through the body, somewhat like corn through an old mill with rollers so that the mill can't grind. I have strong opinion, there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the endurance of men and women who burn up too rapidly their nervous energy. The strenuous strain of the great business competition of the day." Dr. Ferdinand King, a New York physician and medical author, says: "There are few men without iron. Pallor means anemia. Anemia means weakness. The skin of anemic men and women is pale—the flesh flabby. The muscles lack tone, the brain flags, and the memory fails and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

"I have used Nuxated Iron widely in my own practice in most severe, aggravated conditions with unfailing results. I have induced many other physicians to give it a trial, all of whom have given me most surprising reports in regard to its great power as a health and strength builder."

Dr. J. Newman, late Police Surgeon Jefferson Park Hospital, Chicago, in commenting on the value of Nuxated Iron said: "This remedy has given me, through my own tests of it, to excel any remedy I have ever used, for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. The manufacturers are to be congratulated in having given to the public a long felt want, a true tonic, supplying iron in an easily digested and assimilated form, in a health builder in every sense of the word."

It is surprising how many suffer from iron deficiency and do not know it. If you are not sure, ask your doctor to test you to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for a week. The test is over. You are again asked how much strength and endurance which comes from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron. Dr. Schuyler C. Jacques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York, was asked what he thought of Nuxated Iron. In reply, Dr. Jacques said: "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I must be remiss in my duty not to mention it. I have taken it myself and have given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

Manufacturers' Note.—Nuxated Iron, which has been used by former Health Commissioner Kerr with such surprising results and which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is sold in this city by Jo Anderson and all druggists.

NEW AMERICAN FISHING BOAT SUNK OFF CANADA

Boston Vessel Sent to Bottom
by U-Boat—Crew Safely
Landed.

A Canadian Atlantic Port, Aug. 27.—The new American fishing schooner Rush, of Boston, was sunk yesterday morning by an enemy submarine while on the fishing grounds off this coast. The crew arrived here safely today on board another fishing vessel.

Four Schooners Sunk. St. Pierre, Miquelon, Aug. 27.—The steamer Eric, of 600 tons, has been sunk by shell fire, presumably by the same submarine which sent four fishing schooners to the bottom on Sunday off this island. Five of the crew of the Eric, which sailed from St. John's, Newfoundland, were wounded. News of the sinking of four fishing schooners by a German submarine was brought here today by the crew of the E. B. Walters, of Lunenburg, N. S. One of the vessels destroyed. All of the crews probably reached shore, the Walters survivors said.

The crews of all the sunken vessels, numbering about ninety men, have been landed here.

WILL DECIDE FATE OF PURITY EXTRACT COMPANY

Administrator Myer Coming on
Friday, When He Will An-
nounce Decision.

Nashville, Aug. 26.—(Special.)—Fuel Administrator W. E. Myer will announce his decision in the matter of fuel for the Purity Extract company of Chattanooga (formerly Chattanooga Brewery Co.) upon his visit to Chattanooga Friday. Mr. Myer heard representatives of the Chattanooga concern in Nashville Monday afternoon when the matter of allowing the company in excess of the fifty per cent. fuel allowance came up.

Under an agreement reached between the brewers of the country and the fuel administration in Washington, the brewers agreed to reduce the consumption of raw materials to seventy per cent. if the fuel administration would permit them to use fifty per cent. of the average amount of fuel which had been consumed for the past three years.

The Chattanooga company is asking permission to exceed this amount of fuel which the government will allow.

ONE FRENCHMAN CAPTURES
SEVEN HUNDRED GERMANS

Was in Command of a Tank
Manned by Fifteen Amer-
icans in Marne Salient.

With the French Army in France, Aug. 16.—(Correspondence A. P.)—The capture of 700 Germans is the exploit attributed to Pierey Celler, aged 38, a corporal in the French tank corps. Two field pieces also were taken. Celler has been awarded the cross of the Legion of Honor, a reward rarely given to any one but a hero of the first rank.

SELECTMEN GIVEN \$100
AS CASH CONTRIBUTION

Labor Council Donated Pocket
Knives to Add to Comfort.

When the colored selectmen, sponsored by the local Trades and Labor council, left for camp Saturday night, they carried with them a collection of pocket knives which were collected as the boys marched through the city in their farewell parade. The labor organization added the essential \$5 to this to make a cool \$100 for the selectmen to use as a parting expression of Chattanooga's good will. It was apportioned among them to be spent as they saw fit. The pocket knives given the departing selectmen were the special gifts of the Trades and Labor council. The smileable books were supplied by the local smileage committee and the boys were well provided for all around.

AMERICAN-POLES LOYAL; PADEREWSKI A SPEAKER

Detroit, Aug. 27.—In a telegram to President Wilson from the Polish national congress in London here it expressed its most profound and complete respect and allegiance to the American nation. The message concludes: "We are sending from this convention a wave message through the German press into Poland, into the beleaguered portions of our mother country occupied by German and Austrian power, a message of cheer, power and confidence in the final ending, the victory of the Stars and Stripes and the allied nations."

This message is destined to strengthen our brothers under the rule of the central powers and to spur to courage and resistance those under the rule of the German and Austrian parliamentary bodies are waging against the dark forces of Prussian domination, and warning the Polish people against the tempting but perilous advances of Prussian and German imperialism.

TROPICAL DISTURBANCES
PASS OVER NICARAGUA

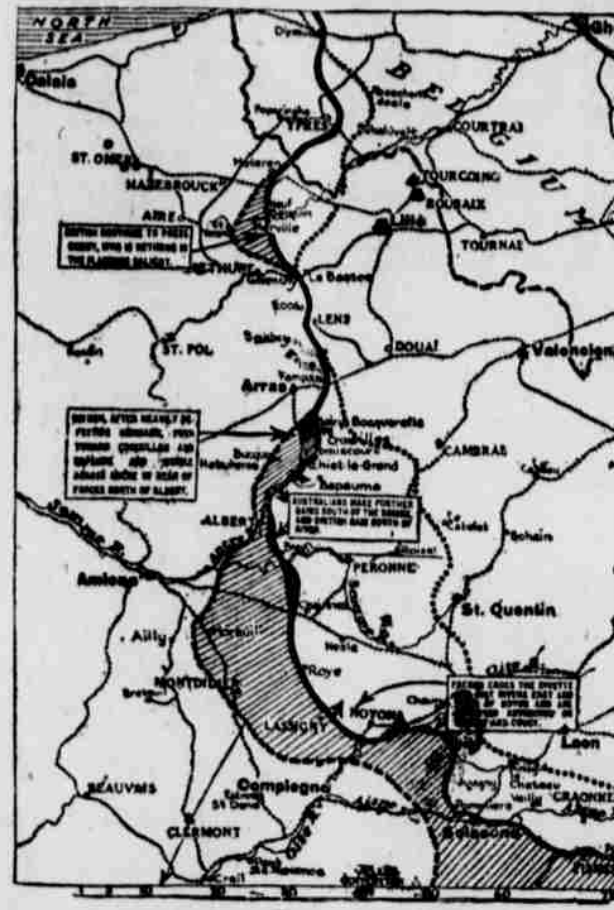

Washington, Aug. 27.—The tropical disturbance which has been moving northward in the Caribbean sea for the past several days apparently has passed over Nicaragua, much diminished in intensity, according to reports today to the weather bureau.

TEACH MUNITION
GIRLS CLASSIC DANCES

Washington, Aug. 27.—The classic dancing is being taught French munition workers at the Y. W. C. A. foyers or club-houses, the Y. W. C. A. war work council announced today. "Recreation is essential to the efficiency of the workers and dancing offers greater relaxation than any other form of amusement," said the council. Aesthetic dancing carries the dancer entirely away from the ordinary things of life and draws upon the imagination for all that is beautiful.

STEADY GERMAN RETREAT

This map shows and explains the latest move of the allied forces on the western front. Field Marshal Haig's troops drove forward over a 30-mile front, while the troops of the French generals, Humbert and Mangin, have again driven forward on a front of twenty miles between the Matz river and the area north of Soissons.

HERR SCHUERMAN SHAKES HIS HEAD OVER "POOR DELUDED AMERICANS"

German War Experts Hopelessly at Odds in Trying to Explain the
Situation on the Western Front.

Amsterdam, Aug. 27.—German war experts are hopelessly at odds in trying to explain the present situation on the western front. Twice each day Gen. Ludendorff's communiques announce "victorious repulses," but a glance at the map shows that each successive locality mentioned as the scene of fighting lies a few miles farther eastward. This, says the Hamburg Nachrichten's military expert darkly, is "a bad sign for the enemy because it shows that his attempts to pierce the German front have failed and that he seeks to substitute width for depth." These sophistries are not wholly shared by the Kreuz Zeitung's critic, who frankly admits that it is the German scheme that has gone wrong, inasmuch as "the enemy has successfully evaded the British and French attacks in a few weeks and now, instead of a brief adventure, find themselves involved in battles which will be hard and long."

He says incidentally that American

POET-AIRMAN RAIDS POLA FOR REVENGE

D'Annunzio Drops Bombs on
Arsenal Because Enemy Came
Dangerously Near Him.

Italian Headquarters at the Front, Aug. 27.—(Copyright, N. Y. World.)—Maj. Gabriele D'Annunzio, Italy's poet who led the raid on Vienna, has carried out an adventurous personal reprisal for an Austrian night air raid which killed one of his men. The poet dropped a bomb literally into the yard of his sleeping quarters. The bomb did not explode, but it was a glass from which D'Annunzio had drunk an hour before. The soldier-poet gaily started off in the afternoon with his pilot in a new type of a fast, weight-carrying land machine, flew about 100 miles straight across the Adriatic sea to Pola, the Austrian naval base, dropped a bomb on the arsenal and returned safely to his aerodrome. "There was a heavy barrage fire," he told us, "and once I thought our trail had been struck. But not a single one of the Austrian chaser machines got up after us. The Austrians are very keen to get me, but they miss a good chance this afternoon."

D'Annunzio will wear henceforth in his flights an ivory-tipped dagger. This weapon is the distinctive mark of the Italian storm troops, and all the eight airmen who took part in the raid on Vienna have been named by their comrades "The Storm Troops of the Air."

CARDINAL FARLEY CRITICALLY ILL

But Physicians Report Distin-
guished Prelate Shows
Improvement.

New York, Aug. 27.—Further im-
provement in the condition of Cardinal Farley was noted by his physicians today, the prelate was reported to still be in a critical state.

GOVERNOR'S LADY

Establishment of Such Rehabil-
itation Units Announced To-
day by War Department.

Washington, Aug. 27.—Establishment of "development battalions" to relieve divisions of all unfit men and to train such of them as can be made fit for combat and noncombat forces in the United States and overseas is making excellent progress, according to a war department announcement today. "That the army may be effective," says the announcement, "it is necessary that men for overseas be suitable for any class of combat service, and the physical examinations required are very rigid and have heretofore precluded the use of large numbers of men of exceptional trade skill or high professional ability and knowledge, and one of the very important functions in development of battalions to provide means for utilizing this material in capacities where very minor defects do not interfere with their effective use. In this way it is possible to replace men who are perfectly fit for overseas duty by men who are of what is called 'limited service classification.'"

PEOPLE OF NEW MEXICO SUE
EDITOR, COL. GEORGE HARVEY

El Paso, Tex., Aug. 27.—Col. George Harvey, editor of the New Mexican Review, is named in an indictment for criminal libel returned on August 22 by the grand jury of Socorro county, New Mexico. It was learned here yesterday. The indictment is based on a letter alleged to reflect on New Mexico and its people which appeared in the August number of the magazine, Henry May, whose name was appended to the letter is also named in the indictment.

GUNBOAT SMITH FIGHTS DEVERS LABOR DAY

Nashville, Aug. 27.—Arrangements have been completed for a heavyweight bout to be staged on Labor Day night between Bob Devers, of Kansas City, and Gunboat Smith. The fight will be eight rounds to a decision, with semi-finals of eight rounds and four and six-round preliminaries.

CZECHO-SLOVAKS DEFEAT BOLSHEVIK RED GUARD

London, Aug. 27.—Gen. Semenov, who commands a force of several thousand Czechoslovak, is advancing against strong forces of the bolshevik army and has taken many prisoners, according to an Exchange Telegraph dispatch from Tientsin. The enemy forces are concentrating in great numbers, the advance is believed to have destroyed the railway tunnels on the edge of Lake Baikal in an effort to impede Gen. Semenov's progress.

SEARCH FOR SLAYER
IN DOUBLE MURDER
Raymond, N. J., Aug. 27.—Search for the slayers of Arthur L. Kuper and Edith Janny was renewed today. An unkempt stranger, who staggered into a farmyard nearby soon after the crimes were committed last Thursday morning and cried, "For God's sake, give me a drink of water," was the clue. Authorities, who had virtually given up the case, have the man's description. Kuper and Miss Janny, whose bodies were found in a machine along the highway leading from this town, were buried Sunday.

POLICE AUTHORITIES TO AID NEXT REGISTRATION DAY

Washington, Aug. 27.—Local police authorities will co-operate with the government in the enforcement of order on registration day under the manpower act, the date for which has not yet been set. Provost Marshal-General Crowder announced today. Regulations prescribed by the president have been sent to draft officials of all the states, and provide that all police officers, regardless of grade or class, "shall hold their positions and readiness to render whatever assistance may be necessary in preserving order at places of registration and in assisting in bringing about complete registration. They are instructed to examine the registration lists and report to the local boards the names of any persons known by them to have failed to register."

WAITERS, DENIED TIPS IN GEORGIA, STRIKE

Atlanta, Aug. 27.—The strikers at the Atlanta Terminal restaurant walked out when the proprietor, in accordance with the new law, posted notice that no tipping would be allowed. Their places were soon filled.
